

EMERGENCY RESPONSE SERVICES
Powered by GEOS™

GEOS offers an entire world of best of breed services that encompass security, safety and reliable communications for corporations as well as domestic and international travelers. The GEOS program is delivered through a fusion of state-of-the-art technology with the unparalleled experience of the very best and most respected specialists in the fields of international, personal and corporate protection and communications. To learn more about the GEOS 9-1-1 Emergency Response Centers and the full range of GEOS services offered worldwide, visit www.geosalliance.com.

At the heart of the security provided by SPOT is the 9-1-1 International Emergency Response Centers operated by GEOS. In addition to the peace of mind delivered by this partnership, GEOS is pleased to offer additional benefits to enhance the safety and security of your travels worldwide.

Search and Rescue Benefit Includes:

The GEOS Search and Rescue Benefit provides up to \$100,000(USD) of additional search and rescue resources, including helicopter extraction around the world and reimbursement benefits – underwritten by Lloyds of London – for any emergency service expenses incurred.

SPECIAL OFFER

When you register your SPOT, sign up for the GEOS Search & Rescue Benefit and receive \$100,000(USD) worth of benefits for only \$7.95(USD) per year (regular cost \$150/year).

Sign up at the time of registration only to receive the GEOS Search and Rescue Benefit for \$7.95/year. See www.geosalliance.com/sar for full details.

We Are There When You Need Us.
